SEARCHING FOR SAFETY DATA SHEETS (SDSs)

Selecting the Advanced Search button brings up a number of tags which you can filter search results on

A number of built-in system tags (if applicable) allow you to filter on:

- Hazard Type – Returns all SDS's matching the chosen hazard type
- Language – Return's all SDS's matching the chosen language
- Manufacturers – Returns only SDS's from a specific manufacturer
- Health Canada COVID-19 List – Returns Health Canada approved SDS's for COVID
- Discontinued – Returns only SDS's that are tagged as discontinued
- Not WHMIS Regulated – Returns only SDS's that are tagged as not WHMIS regulated

PCSD specific categories have been setup which you can use to filter results. For example if you wanted to find all custodial SDS's at MacGregor Collegiate, simply click on MacGregor Collegiate to show all MacGregor Collegiate tags, then check off Custodial and press the search button.

By default, advanced search will filter searches to include results that contain all tags. If you wish to filter search to include results that contain any of the selected tags versus all, simply change "includes all tags" to "includes any of the tags".
